

Report from CAG meeting, April 27, 2000

7:00 -9:30 pm - Diana Hammer, attending for EPA

☐ Agenda

1. EPA report
2. ATSDR report
3. St. John's Hospital proposal re: trust fund
4. EPA answers to CAG questions

☐ Major Issues that came up

1. Removals: concern over delays with cleanup schedule
2. Relocation of the Parkers (and others?)
3. Concerns too little is known about risks; rush to cleanup (C. Ray)
4. Concern that people should be hired locally
5. Concern that medical testing is not getting at health impacts (Brad)
6. Concerns over NORC (e.g., Chicago accent, uniformed, length of calls)
7. Discussion about Trust proposal - good idea; provide \$ for future; discussion re: details of how it would be set up, run, who would fund,...

☐ Actions requested/anticipated

1. CAG formally requests that EPA find funding to relocate Mel & Lerah Parker (and any others at high risk from asbestos contamination)
2. CAG would like St. John's to pursue idea of trust fund
 - wants outside assistance with setting up trust fund; can Matt help?
 - CAG will write EPA a letter requesting funds (\$25K?) for assistance
3. Concern over dust generation on Rainey Creek Road (weekend parties, logging trucks) and continued exposure to area residents — when will EPA give County the go-ahead to pave or water-down the road?
4. Include the following points in cover note for the CAG minutes:
 - a. The AOC WRG refused to sign covered only the two hotspots
 - b. No, WRG cannot come in with a proposal at the last minute. Their opportunity for suggesting/negotiating ended with the AOC offer. Now, it's UAO or Fund-lead — on EPA terms.
 - c. We are planning to relocated the Parkers...
